B&K
POWER TO SOLVE

Best product lines, vest value, best employees, and as always the best service possible!

Our mantra is to be the best technical distributor in Southern California with the power to help our customers solve any challenges. Whether their facing the constant evolution of technology or trying to do more with less, we are committed to providing the highest level of service and quality products to positively impact their bottom line. With key supplier relationships, we can meet or exceed customer expectation as we strive to be the consistent industry leader serving the Southern California marketplace.
